Mon–Fri: 9:00 am–5:00 pm

Dear Friends,

I am looking forward to another exciting summer at Westport Continuing Education! Several excellent programs have returned for K-12, including **Camp Invention** (page 14) and **Filmmakers Ink** (page 10). **All** camps and programs are open to everyone with no residency requirements or higher fees!

Favorites are back for both kids and parents, including **Discovery Camp** at Greens Farms Elementary School, **Sports & Fun** at Bedford Middle, and **Sports Fusion** at Staples High School. Our sports camps also feature optional swim-time in the Staples Olympic-sized pool - check it out on page 12.

Last year we presented many free programs that were funded by grants from the U.S. Department of Education and the CT State Department of Education. Unfortunately we do not have these funds available this year. However many of these programs are returning with very nominal fees, including **History Book Clubs online** (page 15) and **Gear Up & Get Ahead** programs for students entering grades 6 - 12 on pages 15-16.

If you have any questions or concerns, please call our office at 203-341-1209 or email conted@westportps.org.

Sincerely,
Christine Jewell

Staff

Stephanie Schock, Discovery Camp Director has been a teacher at Coleytown Elementary School for 19 years. She enjoys gardening, calligraphy, and dance, playing the flute and piano, choreographing for students, and spending time with family and their two dogs.

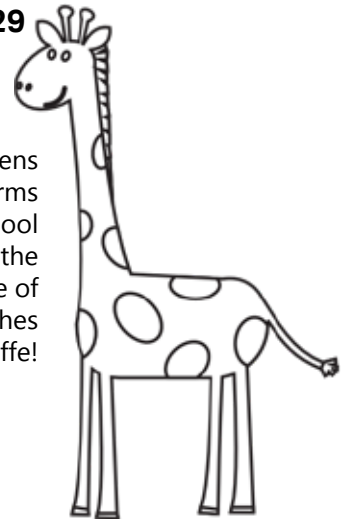

Mike Quiricone (aka Mr. Q) is a fourth grade teacher at Saugatuck Elementary School. He has taught in Westport Public Schools for years and has also been an instructor for Westport Continuing Education's after school clubs. He loves helping to keep students active and engaged!

Elizabeth Carstens is a former Westport teacher, now teaching in Darien. She started her career in the performing arts and made children's theater her specialty. She loves sharing her passion for musical theater with her students.

Bekah Nash has been a first grade teacher for the past four years at Brookside Elementary School in Norwalk. She loves to spend time with family, friends, and her two cats.

Greens Farms School is the home of Patches the giraffe!

What to bring

Bring water, a nut-free snack and lunch for mornings. Parents are notified in advance when camp has Wacky Water Days or other occasions with details on what to bring.

Time for lunch is included in the morning camp; pack a nut-free lunch or order box lunches for delivery from **Chartwells**.

See website for menus and order form or use the QR code.

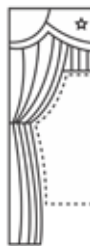

Discovery Camp Afternoons

Afternoon camps provide a wide variety of activities for kids to explore their own interests or to try something new! We have afternoon programs for actors and artists, coders, builders, and movers! If your camper is joining us for the afternoon only, we'll make sure they feel welcome. Full-day campers are safely delivered to afternoon camps by our Discovery Camp staff.

Please note: afternoon programs end at different times! Below is our weekly schedule; see pages 5-6 for more details. Sign up for any afternoon program multiple weeks; the activities change weekly!

Discovery Camp Afternoons

iCook Around the World [entering 2-5]

Join us this summer for the perfect mix of cooking, eating & play! Campers spend half of the day in the kitchen, chopping, grating and rolling their way to delicious desserts that are on the healthier side, just like everything we

do. Our chefs-in-training will learn how to make delicious and nutritious recipes using fresh and colorful ingredients. We will travel across the globe to learn about cuisine and traditions of Europe, Asia, Central America, and more. We will learn about fresh herbs and spices, and how they enhance the aroma and flavors of our dishes. We will master cooking safety, slicing, dicing, chopping, folding, baking, zesting, mixing, and more! They will get then to enjoy the fruits of their labor and taste their delicious creations.

#609 | July 18 - 22 | 12:30 - 3:00 pm | \$299

iCook was founded to support our passion about healthy foods and the education of children. We want to give kids the option to try and experience a variety of foods through programs that are easy for parents and kids to appreciate and enjoy.

iCook: Baking and Desserts [entering 2-5]

Join us this summer for the perfect mix of cooking, eating & play! Campers spend half of the day in the kitchen, chopping, grating and rolling their way to delicious desserts that are on the healthier side, just like everything we do. Our young chefs will master the art of dessert by making some of our most popular recipes from Key Lime Pie, Gingerbread Cookies, Chocolate Orange Tarts, and beyond. With a curriculum and recipes that are entirely hands-on, this is a great opportunity to gain a strong foundation and confidence in the kitchen. They will then get to enjoy the fruits of their labor and taste their delicious creations. [Taught by an iCook educator]

Disney's *The Lion King* has captivated the imagination of audiences around the world and now, for the first time ever, we have the opportunity to produce this one-of-a-kind musical! The African savannah comes to life on stage with Simba, Rafiki and an unforgettable cast of characters as they journey from Pride Rock to the jungle... and back again, in this inspiring, coming-of-age tale.

Students may choose to join as an **Actor** or participate in our **Tech Crew**. Actors will participate in all aspects of the musical; acting, singing, dancing, and choreography. There will be plenty of group interaction and team building with stretching, storytelling, and theater games. For those students who want to experience the excitement backstage, assist with the many behind-the-scenes roles of putting on a show in our Tech Crew. Most importantly, the Tech Crew learns about and assists with lighting, sound set-up / maintenance, staging, and stage management.

WSTT past productions have included, *The Little Mermaid JR*, *Shrek the Musical JR*, *Disney's High School Musical*, *Bye Bye Birdie*, *Seussical*, *The Wizard of Oz*, and *You're a Good Man Charlie Brown*.

Director Ryan Smith is the co-director of Bedford Middle School's Bedford Acting Group. Ryan has performed in national tours such as Robin Hood, South Pacific and countless local productions. In 2008, Ryan was featured on NBC'S choir competition show Clash of the Choirs.

Choreographer Lisa Mennilli is the owner and director of the Lisa Mennilli Dance Academy of Newtown, CT. She has choreographed over 50 productions in community theater throughout the region, including Fiddler on the Roof, Sound of Music, Aladdin, and Seussical the Musical. Her students have gone on to professional careers in television, major motion pictures, and on the Broadway stage.

Sabrini Perrini is the founder and master teacher at Sabrina's Encore Productions in Newtown, CT. Her inspiration to become a teacher stemmed from wanting to be there to help and support students while sharing her passion of music and theatre. "I help students strive to reach their goals while allowing them to open up, gain confidence, and become happier, more well-rounded people."

Film makers Ink

This summer, take a deep dive into filmmaking. Guided by Filmmakers Ink professionals, our young filmmakers learn by doing as they develop the key creative and technical skills required for exceptional filmmaking. Filmmakers Ink programs are designed to give students solid lifelong hacks with which to access, express, and develop their creative ideas and then turn them into movies.

Under the leadership of award-winning filmmaker Patrick McCullough, Filmmakers Ink has set itself apart from other film camps by focusing on the most challenging part of the process: how to come up with and develop great ideas for great films.

For more details, contact Patrick McCullough, (413) 320-6071 or email Patrick@Filmmakers-Ink.com. Enrollment is limited. Register early!

Screenwriting Workshop [entering 6-8 & 9-12]

Work with award-winning filmmaker Patrick McCullough and learn how to tell visual stories effectively, by developing believable characters, dialogue, and plot. Build a foundation of solid, lifelong writing tools for accessing, expressing, refining, and executing your best ideas. Filmmakers Ink combination packages are available at a discount.

McCullough is also an Actor Coach on Hollywood films, including two projects with Academy Award-Winning Actors; the Charlize Theron film, Atomic Blonde, and Houdini with Adrien Brody.

Sara Holland Sports & Bike Camp [Ages 2.5-5 years]

Kids are introduced to learning to ride bikes with the goal of becoming more confident in their ability to move safely on bikes and in sports. Kids learn on balance bikes; turning, safety, and balancing on their own. Explore different sports and activities, play games, participate in arts & crafts, and more! Each week focuses on a fun theme, which we connect to the sports and activities for that week. Our structured, action-packed program allows plenty of room for creative individuality and varying ability levels in a non-competitive environment. Sports played will be baseball, soccer, football, LAX, basketball, learning to ride bikes, fun noodle games, and more. Parents will receive information about bringing balance bikes or bikes, some equipment may be available.

College Essay Boot Camp [entering 12]

This boot camp doesn't guarantee admission into any college, but we do guarantee that you'll leave with a compelling essay, feeling more confident about the admissions process and the requirements. Your college essay is just a story - a story about you. Discover your story and find the help to craft, draft, and polish. Brainstorm ideas, discuss the dos and don'ts of college essays, and write! We'll also help you create Common App accounts, plan for supplemental essays, and get tips for admission interviews from a top-tier college interviewer.

#110a: July 11 - 15 | 8:30 - 11:30 am | \$299 | ONLINE

#110b: July 11 - 15 | 12:00 - 3:00 pm | \$299 | ONLINE

Mary Katherine Hocking and Jamie Pacuk are Westport Public School teachers. Between them, they have nearly two decades of experience helping students write. More importantly, they are patient, kind, and funny!

College Essay Workshop [entering 12]

Jen Hinkle, a former magazine editor and Brown University graduate, has spent over a decade helping students take the sting out of the writing process. Classes include one-on-one meetings along with group discussions on how to craft an essay that reveals the person behind the grades and test scores. Other topics to be addressed: tricks on how to write a unique essay about a common experience and how to develop memorable responses to short-answer questions. While there's no magic wand to produce an essay, most students will leave with a completed draft or a detailed outline for the Common Application Essay Prompts and strong leads for supplemental questions.

Gear up for Science Olympiad [entering 6–9]

This summer experience will help get you ready for the fall, when Science Olympiad releases new rules and teams tackle the 23 STEM-aligned events in pairs; building devices for on-site testing, studying for core knowledge challenges, and preparing for rigorous hands-on lab experiments. Learn about the different events, explore how build events work, and learn techniques to prepare for paper and pencil events. *Students from outside of Westport are welcome.* [Instructor: Dr. Dan Cortright, WPS teacher]

#652 | August 8 - 12 | 9:00 am - 12:00 pm | \$239 | BMS 136

A Historical Journey through Science and Social Justice [entering 10–12]

This course is focused on addressing historically controversial topics from a scientific viewpoint, where science and history come together to address social justice topics. Students will explore historical events and frameworks for thinking that take root in scientific study. Students will dive into the connection between history and science and how they both helped shape our current cultural perspective and understanding of race, gender, and sexuality. Additionally, students will learn how to interrogate scientific texts, podcasts, and documentaries, followed by producing evidence of their learning through discussion and multimedia. [Instructors: Kayla Iannetta & Cathy Schager, WPS teachers]

#127: July 5 - July 9 | 9:00am - 11:00am | \$129 | SHS 3002

Journalism in the Real World **[entering 10–12]**

Learn about the aspects of turning writing and photography into a career or freelance work. Get to know the business from an insider who shares his own experience. Where would you like to see your work (including writing, photography, and video) in the world? How do you reach out to publications? How do you choose the stories to write about or document? How do you deal with criticism? Be prepared to share your work with others and benefit from discussions, analysis, and group assessment. The class will meet at a location in downtown Westport on Wednesday and Thursday for newsgathering and to explore ideas for writing and photography.

#126 | July 5 - 8 | 10:00 am - 1:00 pm | SHS

Jarret Liotta is a Westport native and a Staples High School alumni. Jarret's articles, essays and photos have been published in dozens of publications, including the New York Times, Los Angeles Times, National Geographic, Darien Times, Norwalk Hour, Danbury News-Times, Connecticut Post.. Jarret is currently the editor for the Westport Journal.

Out-of-the-Box Thinking: Cultivating Qualities for the Emerging Future [entering 10–college]

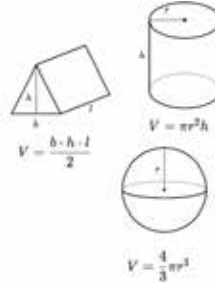

What influences the ways that you think and feel? Is it social conventions? Your beliefs and values? This highly-interactive, student-informed workshop will foster creativity through collaboration, deep listening, and opportunities to increase self-awareness. We will examine social systems, interact via guiding questions, personal reflection, group collaboration, inspiring thought experiments, and participate in discussions on the arts, contemporary philosophy, quantum science, and the natural world. Participants will contemplate how they and other people and cultures express meaning through life, work, and play. Students will evolve a "compass of meaning" to help them gain an appreciation for multiple perspectives and learn to more effectively navigate decision making in an increasingly complex world.
